LOT 169 - 1966 Ford Mustang Coupe

Description

Runs great! Identification Number 6T07C166976. Automatic. 289 V8. Rebuilt transmission. New radiator. Includes the original Mustang keys, manual and owner's plate. The passenger floorboard has a small hole. There are some window seals leaking. Speedometer not working. Odometer not working. Antenna is broken, but there is a new one included, ready to be installed. Radio doesn't work. There is a very superficial scratch on passenger side rear (cannot feel because it's so shallow). Here's all the information we have regarding the mileage. In January, 2017, the mileage was 113,592. In 2021, the mileage was 113,904 when the odometer stopped working. From 2021 until present day, the car has been driven approximately 200 miles or less. The odometer is showing 113,904.
